

## Housing

The NWC website ([www.nwc.navy.mil](http://www.nwc.navy.mil)) provides detailed information on types of military family housing available (including floor plans), housing regulations, personal property, and other accommodations. This bulletin should be consulted for questions in these areas. The Naval War College Housing Assistant, Room H-111, telephone: (401) 841-3621, can provide information on military family housing assignments and Bachelor Officer Quarters. A completed housing application (DD-1746), a copy of orders and a copy of dependents certification are required for assignment to government quarters. You can find the housing application form in the online student enrollment system.

## Geographic Bachelors

Bachelor quarters are provided at no cost to married, geographic bachelors (vice single, bonafide bachelors) who are students at the Naval War College. Inbound married students who intend to be geographic bachelors during their studies in Newport should inform the Dean of Students Office and contact the Naval War College Housing Assistant (401) 841-3621 to make arrangements. These accommodations are intended for married officers who will be geographic bachelors during their entire tour.

## Check-In Procedures

The check-in process at the Naval War College is expedited by means of the collection of information obtained via the online registration included in the welcome aboard portion of the Naval War College website, which incoming students are urged to complete prior to arrival. New students should report no earlier than the date on their orders. "Business Casual" – appropriate service dress for military and coat and tie for civilians – is the appropriate uniform or attire for reporting (see the *Attire Policy* posted at [www.nwc.navy.mil/admin/Attire%20Policy%20Memorandum.doc](http://www.nwc.navy.mil/admin/Attire%20Policy%20Memorandum.doc) for specific requirements). Normally, new students will have several days after reporting in order to get their personal affairs in order prior to the start of classes.

Check in is conducted twice a day, at 0800 and 1300 by the staff of the Dean of Students Office. Specific locations will be identified at the Quarterdeck. Incoming students will be given a check-in sheet, which provides detailed guidance. Completed check-in sheets must be returned in to the Dean of Students Office.

Non-Navy students should also check-in with their Service Administrative Clerks and Service Advisors:

Army: SP-211, SP-212

Air Force: SP-211, SP-213
